

byko-spectra *basic*

For general color evaluation under defined lighting conditions the byko-spectra basic light booth offers the following benefits:

- Comparison of standard and sample in a color-neutral environment
- Three different controlled light sources:

Daylight	D65
Incandescent light	A
Department store light	CWF or TL84
- Easy to operate by using individual switches for each light source
- Can be set up in minutes without any tools
- Economical testing of large samples in a compact design – for laboratory and production

Standards

ASTM	D 1729
ISO	3668 (accessory required)
